**Warsaw is an Armed City—Lodz Still in Wild State**

(Scripps-McRae Dispatch.)  
ST. PETERSBURG, June 26.—A message from Warsaw says the Jewish quarter is now in full revolt. Street cars are overturned to form barricades and repetition of the Lodz massacres is expected at Warsaw. Thirty-four battalions are stationed in the city. At Czenstochau last night a bomb was thrown at the chief of police who was riding in a carriage. The officer and seven civilians were seriously injured.

**Failed to Strike.**  
WARSAW, June 26.—The social democratic party did not succeed in bringing about a general strike today. Many of the factories are closed and some stores are affected, but the strike is far from general. The strikers picketed the factories in several instances shooting men who started to enter. Troops are patrolling the principal streets with orders to fire on the slightest provocation. No newspapers are published today.

**State of Siege.**  
LODZ, June 26.—The city this morning presents the appearance of an armed camp. Troops hold the streets and no citizens are permitted to leave their homes without a permit. A state of siege is declared and all factories and stores are closed. The casualties during the riots are estimated today at 561 killed, and 750 wounded, many seriously. Gen. Schuteworth, who was placed in command of the troops declares order is

## GIRL DIES JUMPING ROPE

LITTLE CHUTE, Wis., June 26.—Mabel, the 9-year-old daughter of Arnold Derrick, died as a result of jumping rope. After counting 100 jumps she collapsed.

## WEALTHY FARMER DIES OF BARB-WIRE SCRATCH

**Pricked End of Finger and Passes Away Last Night of Blood Poisoning**

As the result of blood poisoning, caused from a tiny scratch of a barbed wire his fingers a week ago, Frank Schaller, a wealthy farmer of the town of Onalaska, died at 12 o'clock last night at the Lutheran hospital. Mr. Schaller was 56 years old and leaves a widow and six children.

A short time ago Mr. Schaller in his work about the farm accidentally broke the skin on the end of a finger

## PIONEER FARMER FOUND IN HIS WOODSHED, A CORPSE

**Timothy Dudley, Feeble With Age Falls While Walking About his Home**

Timothy Dudley, one of the oldest settlers of La Crosse county, who has been a resident of West Salem and vicinity over fifty years, dropped dead at his home in that village Friday. The old man who was fast becoming feeble, had gone into the woodshed where he was later found dead. Mr. Dudley was a farmer near West Salem for a number of years and was prominent in that part of the country, having a large acquaintance and many friends. He figured prominently in town affairs and was well liked. A few years ago he retired from active farming and settled in the village of

## CORTEL= YOU TO BE HERE

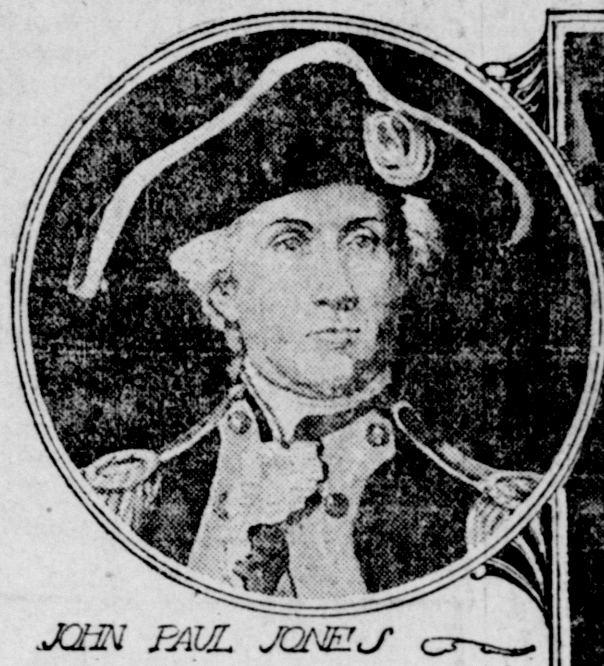

**Postmaster Gen. Accepts Invitation of Local Official**

Postmaster W. B. Tscharnier has received from Postmaster General Cortelyou an acceptance of his invitation to attend the annual convention of Wisconsin postmasters which is to be held in this city in August. In his letter Postmaster General Cortelyou declares that he shall be pleased to come, but that if for any unseen reason he is delayed, he will send a representative of the department.

There will be a large number of postmasters in attendance at the convention and the presence of Mr. Cortelyou will be a big event.

**HOLZHAMMER COLTS WIN**  
The Holzhammer Giants defeated the Schiller Colts at Gund's park Sunday morning by a score of 5 to 3. The game abounded with sensational plays much to the delight of the followers and admirers of both teams. Owing to a misunderstanding as to the time the game was to be called "Blaine" Thompson started in as the slab artist for the Giants until the arrival of the "cel" artist, Ross. There is no doubt but that the result of the game would have been reversed for he held the Giants at his mercy all the way. The Colts put up a game that would win favor always but ill luck was theirs. These two teams are booked again for another game in the near future.

## BRIBER FINED TODAY

**Milwaukee Attorney Also has Evidence of Other Corruption**

(Scripps-McRae Dispatch.)  
MILWAUKEE, June 26.—Convicted in connection with county contracts, former Supervisor Ed. Strauss was today fined \$300. District Attorney McGovern asked for the minimum fine as Strauss had confessed, although too late for immunity. Strauss will be taken before the grand jury to testify. A receipted bill signed by Supervisor G. F. Reichardt was handed to the district attorney today showing that the supervisor had been selling liquor to the county. The grand jury will investigate the alleged sale of supplies to county institutions by members of the county board.

## 22 CADETS DROWNED WHEN SHIP IS RAMMED

(Scripps-McRae Dispatch.)  
COPENHAGEN, June 26.—The private cadet ship Georgestage was rammed today by the British steamer Amacanda and sunk. Twenty-two cadets were drowned.

## Trow Mill Resumed Operation

The Trow saw mill which has been shut down for about six weeks will be opened again this week with a full crew.

The mill was closed down owing to a scarcity of logs, but numbers of them have now been floated down with the aid of the high water and it is thought that the mill can be in operation all summer. This is probably the mill's last season. It employs about a hundred men.

## Lawyers Plan a Picnic

A meeting of the La Crosse County Bar association will be called in a few days to make arrangements for a picnic of the lawyers.

The lawyers who are promoting the picnic proposition propose to make their picnic the biggest social event of the organization. The date has not yet been set, but it will probably be held some Saturday.

## HAWLEY RELEASES KICKERS

**Ramsey, Hopkins and Others Give Way to Better Men**

## PLAYER IS HURT

The score today at the end of the sixth inning was 1 to 0 in favor of Oshkosh. Player Hurt. Dolan, Oshkosh's third baseman, was hit in the eye with a pitched ball today and was carried off the field. He was badly cut, but his condition is not believed to be serious.

As a result of the last few days baseball games in this city there have been a number of changes in the La Crosse team, which the management claims will make it the best team in the league.

Lynch who was released Friday has been succeeded by Kreutzer who proved his efficiency at second base yesterday. Kreutzer is also a batter.

Bachmann was released Friday for coming onto the field in an intoxicated condition. The other man released was Baker, who quit the team on the field refusing to go into the game, although he had accepted La Crosse money and was trying out in the team. Last night two more men were released by the management. These were Captain Ramsey and Hopkins. Ramsey has shown for some time that he did not like his position with the La Crosse club, and has been accused of deliberately throwing away games, although the management simply claims that they exchanged Hopkins and Ramsey for Vought of Beloit.

Vought is an excellent field man and will be played at third base. He is also a stick artist of the best calibre and is the best batter the Beloit team had.

A player named O'Leary from Chicago will arrive here this evening to take Hopkins' place in the field. He is a former member of the Peoria team and comes recommended as a high class field man and excellent batter.

President Elliott says there are several other men who will be taken in, but with whom negotiations have as yet not been completed. It is the object of the management to make a batting team out of the La Crosse club and therefore they will engage men largely upon their batting ability.

Ramsey has been a trouble maker from the beginning of his work and has caused no end of trouble for Manager "Pink" Hawley, seeming unable to appreciate the fact that he (Ramsey) was not the head of the team. Mr. Hawley is upheld by the association in his troubles with the men and while they have been rather severe Hawley will undoubtedly get the best team in the league out of the mixup.

## CHARLEY HAMMON IS NOT DYING OF A BROKEN HEART

**Father and Sister of Kolb Visit the Prison and Assert La Crosse Boys are Doing Excellently**

Charley Hammon is not dying of a broken heart or anything else. Neither is John Kolb pining away at Stillwater.

Yesterday the father and sister of John Kolb and a friend of Charles Hammon, the two La Crosse boys sentenced to 30 years for the murder of Freddie Ring in the Columbia Heights murder in Minneapolis, visited the boys in the state penitentiary at Stillwater, Minn., and they today assert that both, and also Calderwood, are doing well and are making the best of their imprisonment.

Emma, the sister of Kolb, denies all of the stories of broken heart with which Charles Hammon is connected.

## SHERIFF DEFIEST THE GOVERNOR IN THE MATTER

### Talks About Shooting up Militia in Event of a Clash

St. Louis, June 26.—Sheriff Herpel, of St. Louis county, has thrown down the gauntlet to Governor Folk. He not only declined to make the ordered raid on the Delmar race track but declared that if the governor sent troops to the scene they "might be shot down." When interviewed at Jefferson City concerning the defiance of the

county official, Governor Folk said he did not care to be quoted again on the race track conditions in St. Louis county, but that in addition to taking steps to "put the governor to a test," he would raid on the Delmar race track but declared that if the governor sent troops to the scene they "might be shot down." When interviewed at Jefferson City concerning the defiance of the

HE DOESN'T BELIEVE IN RAIDS

Says They Are Illegal and Against Guaranteed Liberties of the People.

Sheriff Herpel, through his attorney, Senator Gardner, of St. Louis county, issued the following statement: "I am against raids in the practical meaning of that term, which means a seizure of persons or property without legal process of law or evidence of violation of the law. A raid or the use of the judicial powers of the state, guaranteed by the constitution and by military force.

"An appeal to bayonets is the first threat of a bigot, fired by fanatical zeal, his personal ambition and ideas against the guaranteed liberties of the people." Sheriff Herpel agreed that what Senator Gardner had dictated was the expression of his personal

and official feeling in the matter. Further he said: "I am the sheriff of St. Louis county and have not requested any assistance from the governor. Troops will not be sent into this county legally until I have made such a request, and I believe the county authorities abundantly are able to handle the situation as it exists at present. I am under a bond of \$50,000 and cannot make arrests indiscriminately and I shall not do so until I have sufficient evidence to protect myself and bondsmen. I feel that the course which the county officials have taken is all that the law contemplates, and it is the course which will be followed by us in the future.

"If troops come here they are liable to get shot. I do not say that the sheriff or the sheriff's deputies will be responsible for the shooting, but some of the citizens around here might not like the idea of sending in soldiers." It was suggested to Sheriff Herpel the impress prevails that in case members of the National Guard came into the county they might be arrested for disturbing the peace. "Well, if they disturbed my peace they surely would be arrested," was his reply.

#### BASEBALL SCORES.

Chicago, June 25.—Following are the base ball scores:

## TRUNK GOES OUT AHEAD OF GROOM POSTER COVERED

**Friends of Mr. Charles Schreiter and Miss Rubie Swenson Will Know They are Coming Tonight**

Gaily decked with inscriptions fastened with billposters paste, with ribbons streaming from the handles and huge tin hearts hanging from either side a large steamer trunk was sent out unaccompanied over the Milwaukee road on the noon train today.

The trunk which was the property of Mr. Charles Schreiter who is to be married here this evening, was sent on ahead of the bridal party by a number of mischievous friends, who have wired ahead to hotels to be in readiness for the bride and groom. The groom sent his trunk to the depot this morning so as to avoid its decoration at the hotel, and will be very much surprised when he catches up with it at the Milwaukee hotel and finds it in its present condition.

The carefully painted cards which will cause him no little uneasiness. A bridal chamber will be decorated for the couple and await their arrival at the Milwaukee hotel tomorrow morning, and every arrangement has been made for their proper reception and convenience by anxious friends in this city who have wired instructions to the hotel and depot.

This evening at 8 o'clock, at the home of the bride's parents, 619 Badger street, Miss Ruby Swenson and Mr. Charles Schreiter will be united in marriage.

The young couple will leave for Milwaukee and Chicago on a two weeks' honeymoon after which they will be at home to their friends at 619 Badger street.

## INHERITANCE TAX OF \$5,679 LARGEST

MADISON, Wis., June 26.—The estate of Regent Breeze J. Stevens of Madison has paid an inheritance tax of \$5,679.55, the largest inheritance tax paid by any estate in Dane county. Mr. Stevens died more than a year ago and left an estate consisting of railroad stocks and bonds, besides valuable real estate in Madison and elsewhere. The amount of inheritance tax was determined today in the Dane county court, an order was entered by Judge Zimmerman and the money was turned over by the administrators.

## Reedsburg Pastor Resigns After 30 Years

DETROIT, Mich., June 26.—There was an impressive scene at the Evangelical Lutheran general synod of Missouri, Ohio and other states, when the Rev. Augustus Rohrbach of Reedsburg, Wis., resigned the office of secretary which he had filled without remuneration for thirty years. He was given a rising vote of thanks.

## Veterans Meet Tuesday at Marinette

MARINETTE, Wis., June 26.—The Upper Peninsula and Northern Wisconsin Veterans' association will hold their annual meeting here this week. The reunion opens Tuesday and continues until Thursday. Among the prominent speakers who will be present are ex-Gov. Hoard, ex-Gov. Scofield and ex-Gov. Peck, Congressman E. S. Minor and John J. Jenkins. A parade will take place on Thursday in which veterans of the Civil, the Spanish-American wars and local companies of the state militia will participate.

## France has a War Fever

Paris, June 26.—For the first time since the Fashoda incident the French public is in the throes of the war fever. Whether it will result in anything serious depends on Germany's response to the French note in Morocco, but without considering the exact status of the diplomatic negotiations a considerable element of the public and press seriously discuss the possibilities of a resort to arms. Army circles are particularly active, and at the military clubs the officers are mainly engaged in making comparisons of the forces of France and Germany.

While the financial leaders scout the idea of war, yet the speculative element has been quick to seize the opportunity to raid French rentes. The official view is that the situation, while delicate, does not present any aspect of danger or a crisis involving a rupture of relations.

## PRINTERS ARE DEFEATED BY LA CRESCENTITES

**"Typhos" Lose Sundays Ball Game by a Score of 22 to 2 in Nine Innings**

Printers 2, La Crescent 22.

The massing of the printers' baseball renants on the bloody battle fields of La Crescent Sunday afternoon was everything and in all things disastrous. With the exception of a few of the typhos the game the team put up was of a beautiful "crow yellow." The tabulated score tells the wonderful story.

The game was like the story told of an Irishman who overfed his hogs one day and starved them the next. When asked why he did this he said that he liked a streak of fat as well as a streak of lean. The printers went this disciple from the Emerald isle just a shade better; they were starved for the want of a run through eight long, heart-breaking innings and the fat did not come into evidence until the last half of the ninth inning.

"King Do Do" Keegan was so confident of a shut-out that he opened up an experimental station on the slab in the ninth and after a given base on balls and a hit by Anderson and "old man" Kinder at bat, the new "find" was taken out and Smith who held the typhos down to nothing was replaced. This was of no avail for the Old Man had his eye and was there with a "zwei sacher," bringing

in the only two scores and saving a shut-out.

La Crescent put up a good game and hit the ball when hits counted. The tables below give the result of the game:

## LA CROSSE ATHLETES DEFEAT WINONA TEAM BY SCORE OF 10 TO 3

The La Crosse Athletes easily defeated Winona Sunday by the score of 10 to 3, thereby holding up the honors Sunday for La Crosse, being the only team winning from an outside club. Einfield, Winona's star pitcher, who started the game, was batter out in the second inning. Yieloff, who succeeded him, was also hit very hard.

Kohn for the Athletes pitched a good game holding them down for two hits. Riley who caught put up a good game and the battery was well supported in the field by their team mates. Burke of the Athletes was the start batter getting four hits out of five times to bat. S. S. Peterson of Winona made a phenomenal one-handed catch in the fourth inning.

## COOK CO. GETS \$40,000 BY DECISION IN NOVEL SAW-LOG LITIGATION

SUPERIOR, Wis., June 26.—The supreme court has decided a novel and interesting law suit by affirming the action of Judge Hastings of the circuit court of Marinette county in ordering a judgment of \$40,000 in favor of the plaintiff in the case of Cook vs. the Soo railway company. Attorney S. K. Luse of this city represented plaintiffs in the case.

The plaintiffs in the case were suing the railroad company for the recovery of the value of a quantity of cedar logs which were destroyed by fire while piled along the Soo tracks in Marinette county. The Cook people claimed that the fire which destroyed the logs was the result of the negligent operation of a locomotive on the Soo line and the negligent condition of the right of way and accordingly entered suit against the railroad. The Soo defended on the grounds that the fire was a common forest fire.

The Cook people secured a verdict in 1896 from a jury in Marinette, the jury finding, however, that there were two fires which combined to cause the destruction of the logs. The case

then went to the supreme court, which made a new ruling on a novel question by ordering a judgment in favor of the railroad company. A question of this kind had never been raised in the Wisconsin courts before nor had a precedent ever been established in any court.

The plaintiffs later consulted with Attorney L. K. Luse of Superior and Judge Sanborn of Madison with the result that a new action was brought on the grounds that the Soo had agreed to furnish cars to carry the logs away as soon as they were piled, this arrangement having been made on account of danger from fire. It was claimed that the railroad had violated its contract and was responsible for the loss. The case was tried before another jury in Marinette and occupied twenty days' time, the jury finally finding in favor of the plaintiffs.

The action of the supreme court establishes a new precedent. No case could be found in the law books where damages of this character had been recovered for breach of contract.

## MEYER BOAT TAKES SECOND PHELPS CUP RACE

PEWAUKEE, Wis., June 26.—The second Phelps cup race was won by the Albatross, which defeated Comet by two and Allimac by six minutes in a heavy west wind over the three-mile course yesterday afternoon. The Meyer boat got the best of the start at 3:25, slipping across the line a few seconds before the Allimac and the Comet. The Pabst boat soon overtook

the Allimac and got into second position, but at the west mark the Albatross had increased her lead to one minute and ten seconds over the Comet. The second leg, which was a spinnaker run, netted the Albatross a gain of one minute. The Comet cut this down a few seconds on the reach home. The summary:

**THE BASEBALL MUDDLE.**  
Though it might have been better had it terminated with less friction the fans of La Crosse should take a great deal of wholesome satisfaction in the fact that Manager "Pink" Hawley is at last straightening out the "baseball muddle." Ramsey, a natural born trouble maker, is out, and it is to be regretted that he was not released long ago—before he had an opportunity to cause trouble. Hopkins is a good ball player, but he is gone and no one will grieve, for when a baseball player begins to believe himself a greater man than his manager it is time for his release to have the manager's signature.  
The general opinion on the muddle is that Ramsey, Hopkins and a few others are not fast enough to trot in Hawley's company, and the manager has the support of the association in his actions.  
Yesterday Hawley pitched one of the most wonderful games of baseball ever witnessed in La Crosse. Not a man of the opposing team reached first base until the scores were made in the tenth inning, and then rank support lost the game.  
The fans will be glad Ramsey is going, even though he is a good ball player, and if there are more who are entertaining a "trouble bee" in their bonnets, their releases should be signed immediately.  
La Crosse fans are pretty well satisfied that Hawley can be trusted to get together a team that will yet win.

**THE WRECK OF THE LIMITED.**  
Is it safe?  
When the Twentieth Century Limited, the fastest long distance train in the world, crashed into the Mentor depot Wednesday night, that was the question the public raised.  
Is an eighteen-hour schedule from Chicago to New York a safe one? Imagine the impact of that heavy train running at a speed of seventy miles an hour!  
Multiply its enormous weight of 4,000 tons by its velocity—about thirty-five yards every second—and the product, the momentum, staggers the mind. One wonders that anything except splinters should be left of the train.  
Is this high speed safe?  
Railroad men are accustomed to say that, given a water-level roadbed, rock ballasted track, heavy rails and the elimination of sharp curves, the faster the train is run the safer it is. They say the increased danger of high speed is appreciated by the railroad people and that greater precautions are taken.  
Perhaps.  
And yet it was shown at Mentor that precautions cannot eliminate risk.  
The open switch may have been placed by a crank or a criminal, or by the lapse of some employe, and it is to be deplored that such an accident should have wrecked the fine train. Nevertheless the wreck puts the question of the public safety to the fore.  
A similar wreck wrought great changes in France.  
High speed trains were put on in that country a year or so ago. One of them jumped the track and killed a lot of people. That started an agitation that put a legislative lock on high speed and provided many safeguards to the traveling public.  
The wreck is unfortunate aside from the loss of life. The Pennsylvania road has spent millions of money in the past decade looking toward the institution of a train that would cover the 904 miles in eighteen hours. But the public safety is the first consideration.—Milwaukee Journal.  
Be happy.  
The time of the big carnival approaches.  
With the kickers eliminated La Crosse can prepare for some good baseball.  
Maintain a sweet disposition and the world will not seem half so cold and hard.  
Lynch probably thought his name was appropriate along about Saturday evening.  
It is stated that a large band of Indians are preparing to give a weird blood-dance in this vicinity.  
The government announces that the august representatives of Japan and Russia will be here early in August.  
"Pink" is a trifle fat, but he's always willing to train down a little when it comes to a pinch with a cinch like Lynch.  
"Banana oil" spilled from the chamber of mysteries of the Elks' lodge

at Racine nearly suffocated a scrub woman. This will form a pleasant prospect for prospective goat riders.  
Postmaster General Cortelyou will be here in August to attend the postmasters' convention. La Crosse is growing every day.  
A suit with a million-dollar bond buying house is not a pleasant prospect for the taxpayers, who are paying the bills and the salaries.  
There will probably be a large delegation of newspaper men present to hear City Attorney Paul W. Mahoney deliver his address at the lawyers' excursion.

## Bad Luck for Village is a Bankrupt

Sioux City, Ia., June 26.—Proceedings which will likely throw open to settlement a million dollars' worth of Iowa's richest land have been started in O'Brien county by the government. Of the 322,000 acres in Iowa included in the old land grant to the Sioux City and St. Paul railroad about 12,000 acres are still in the hands of those who purchased from the railroad.  
Though these farmers have been in possession of the land for the past fifteen to twenty years they are threatened with loss of their homes and all their improvements by proceedings citing them to show cause within sixty days why their patents purchased from the railroad should not be revoked and the land thrown open to homesteaders.  
Vicksburg, Mich., June 26.—In connection with the closing of the Vicksburg Exchange bank it has developed that the village of Vicksburg is bankrupt. There is only \$34 in the village treasury and half of this amount is a check on the closed bank. The village owes the bank \$7,000. C. L. Keep, cashier of the bank, was treasurer of the village. Upon the closing of the bank Frank Taylor was appointed to succeed Keep as village treasurer, but has not as yet secured bondsmen.  
Grand Rapids, Mich., June 26.—Judge Wandy, in the United States district court, has appointed Steven B. Munroe, of the Kalamazoo Trust company, of Kalamazoo, receiver of the Vicksburg Exchange bank, on the petition of Page Bros., of Vicksburg.

## Maps Burned on his Back

Philadelphia, June 26.—Physicians at St. Agnes' hospital are watching with interest the development of a peculiar formation on the back of one of the victims of the gas tank explosion at Point Breeze last month. The patient is Stephen Labentz, a Poleander, who was burned on the back as he fled from a wave of the fire. As the wounds healed, outlines on the shoulders resembled maps of Asia and Africa.  
Dr. Dorsett, the attending physician, who made a thorough examination, said the formation began upon the right shoulder and extended diagonally down the back. The Malay peninsula, he said, could be seen plainly, as could also Hindoostan. The outline of Africa, he declared, was defined sharply and roughly speaking in the proper proportions.  
The Tribune is the only La Crosse paper that has at heart the interests of the people.

## PRES. BUSY ON MATTER OF TREATMENT OF CHINKS

## DIPLOMATS GIVEN A HUNCH TO AVERT A BOYCOTT

## Must do Their Duty as to Certificates Given Them

Washington, June 26.—By direction of President Roosevelt action has been taken by the administration which not only will facilitate the landing in this country of Chinese of exempt cases, but will also eliminate from the immigration bureau such administrative features as have been the subject of criticism by Chinese. It is the declared intention of the president to see that Chinese merchants, travelers, students and others of the exempt classes shall have the same courtesy shown them by officers of the immigration bureau as is accorded to citizens of the most favored nation.  
Business Men Sounded the Alarm.  
Representations have been made to the president that in view of alleged harsh treatment accorded to many Chinese seeking a landing in the United States the commercial guilds of China have determined to institute a boycott on United States manufacturers. The representations, backed by the authority of the American Asiatic society and commercial bodies throughout the country, induced the president to make an investigation of the situation with a view to remedying the evils complained of, if they were found to exist. The subject was discussed thoroughly by the cabinet, and the president took it up personally with Secretary McCall, of the department of commerce and labor, who has supervision of the immigration bureau.  
President Issues Some Orders.  
As a result of the inquiry orders have been issued to the diplomatic and consular representatives of the United States in China by the president himself that they must look closely to the performance of their duties under the exclusion law, and see to it that members of the exempt classes coming to this country are provided with proper certificates. These certificates will be accepted at any port of the United States, and will guarantee the bearer against any harsh or discourteous treatment. Such treatment, indeed, will be the cause of the instant dismissal of the offending official, who ever he may be.  
Principle Cause of the Trouble.  
The president puts his finger on the cause of the trouble in the following paragraph in his order: "Unfortunately, in the past it has been found that officials of the Chinese government have recklessly issued thousands of such certificates which were not true; and recklessness has also been shown in the past by representatives of the American consular service in visting these certificates. The purpose of this government is to make these vised certificates of such real value that it is safe to accept them here in the United States."  
ROMANCE OF CARREL BRAGG—DIES IN SQUALLOR  
New York, June 26.—Mrs. Carrie Graver, daughter of General Braxton Bragg, the prominent Confederate commander, died at her home in Thirteenth street and was buried at Westchester village. Mrs. Graver was the wife of a locomotive engineer. They lived in a dilapidated house in a dirty, squalid-looking street, without any of the comforts or luxury which a girl she had known on the magnificent Bragg plantation in Newbern, N. C., where she was born.  
Arthur Sherman Graver, from New Haven, Conn., who as a boy of 10 had run away from home and had wandered over the face of the earth, went to Newbern. There he met the southern girl, and despite their disparity in station, training and environment they were married.  
Mobile, Ala., June 26.—The information in an item from New York about the death of Mrs. Carrie Bragg Graver to the effect that she was the daughter of the late General Braxton Bragg is incorrect. General Bragg never had a daughter and was a Louisianian, not North Carolinian.

## ALFALFA BY IRRIGATION YELLOWSTONE VALLEY, MONTANA.

There are more than 60,000 acres of land watered by irrigation ditches and peculiarly adapted to the raising of alfalfa, for sale in the Yellowstone valley west of Billings, Mont.  
The soil varies from gumbo to sandy loam, and alfalfa does well on all of it. The following figures show what alfalfa will do on irrigated, as compared with common hay on unirrigated, land.  
One acre sown to alfalfa and irrigated, will produce 10,000 pounds of hay.  
One acre in enclosed pasture, 500 pounds.  
One acre of range averages 250 pounds. Or again:  
One acre of irrigated alfalfa will feed one steer 400 days.  
One acre of enclosed pasture will feed one steer 20 days.  
One acre of average range will feed one steer 10 days.  
Or putting it in the form of sheep, it will show as follows:  
160 acres of irrigated alfalfa will maintain 1600 sheep one year.  
160 acres of enclosed pasture will maintain 80 sheep one year.  
And 160 acres of range will maintain 40 sheep one year.

## RAMSEY FUMBLER BALL AT "PROPER" TIME AND LOST

### Beloit Runs in Three Scores in 10th Inning of an Exceedingly Fast Exhibition

Two games each is the result of the series between La Crosse and Beloit which concluded here yesterday with the defeat of La Crosse by a score of 3 to 0.

The series with Beloit team has been an unlucky one, La Crosse having played very good ball but lost by rank errors.

Saturday's game resulted disastrously for La Crosse in the start. Beloit got in a run in the first inning and this was the only one made during the whole game by either side. The game was largely a pitcher's battle between Bubser and Cole, both of whom pitched excellent games.

In the ninth inning La Crosse almost scored, but was prevented from doing so by an accident. While running from first to second base, Ramsey was struck by a batted ball. He was declared out by the umpire and the baserunner at third base who had scored from the hit was ordered back to third.

The action of the umpire in calling Ramsey out, almost precipitated a riot. Manager Pink Hawley, backed up by his entire team, and many of the fans from the grand stand went to the center of the diamond and tried to convince the umpire of his mistake, but were unable to do so.

#### Sunday's Fast Game.

Yesterday's game was also an exciting one and is said to have been one of the best baseball exhibitions seen on the local diamond this year. The game was a pitcher's battle and Aiken, the "spitball" artist, was very successful in holding down his curves, considering all. Manager Pink Hawley pitched the local game, and a better fight has never been put up by a local pitcher. Not until the eighth inning did a Beloit man reach first, and sixteen men were struck out in quick succession.

The game stood 0 to 0 in the tenth inning, but Beloit won on a fumble, followed by a pass ball. Vought, the shortstop, was allowed a base on balls, Perring the next batter bunted the ball into a mud puddle, from where it could not be extricated by Pink Hawley until Vought had made second base and the bunter was safe at first. Freitag, the next batter, took a base on balls leaving three men on bases.

#### Ramsey's Fault.

The fourth batter, Buckwater, then batted the ball directly to Ramsey's hands, but Ramsey fumbled the sphere and dropped it, allowing Vought to score. He picked it up in time to

head off Perring who was running to third, but made a wild throw to Kreitzer, the second baseman, which allowed both Perring and Freitag to score.

This lost the game for La Crosse the locals not getting a fair hit in the succeeding inning. The score by innings was:

La Crosse ..... 0 0 0 0 0 0 0 0 0 0  
Beloit ..... 0 0 0 0 0 0 0 0 3 3

LA CROSSE FORESTER TEAM RETURNS TIRED OUT

The La Crosse Foresters who attended the Woodman encampment at Milwaukee in company with Chief Forester F. H. Fowler, returned Saturday evening. Although the La Crosse delegation was prevented from taking active part in the drill work, they report a very busy week, and are all very tired. The excessive rainfall made the week in camp very uncomfortable. The La Crosse delegation took part in the big parade, marching from 12:3 in the afternoon until 5:30.

## ATTORNEY SAYS FARSON CO. DIDN'T REJECT GOOD BONDS

### Signified Desire to Take \$115,000 Improvement Bonds Two Days After Receipt of Letter

C. B. Masslich, attorney for Farson, Leach & Co., bond brokers of Chicago whose bid on the \$135,000 of city bonds was lowest, intimated when in this city Friday that his company would insist upon securing the \$115,000 of improvement bonds according to their contract with the city, a contract which, he asserted, his firm never for a moment repudiated.

The aldermen at the meeting Saturday evening decided to let the municipal bonds remain in the hands of W. J. Hayes & Son of Cleveland, and not to transfer them to Farson, Leach & Co. to whom they were originally sold.

The city fathers maintain that the action of Farson, Leach & Co. in previous years when they turned down the bonds for water extensions after they had purchased them, was sufficient reason for their refusing to give them to the company this year, and City Attorney Paul W. Mahoney maintains that the city will remain firm in this last decision and deliver the paper to the last purchasers, although Farson, Leach & Co. now threatens injunctive proceedings.

City Attorney Paul W. Mahoney claims to hold letters from the company wherein they have rejected all of the bonds purchased by them, before he visited Chicago. Later, says City Attorney Paul W. Mahoney, the company wanted all but the special engine house bonds.

City Attorney Paul W. Mahoney says that his visit to Chicago was unofficial and unauthorized by the council, and therefore, he says, it has no bearing on the case.

Provided there is no litigation over the action of the council in awarding the bonds to the Hayes company, the city will lose \$237.50 and a month's time by the controversy resulting from the improper drawing of the election notice.

Attorney Masslich declares that he, for the company, at once accept-

ed the \$115,000 improvement bonds and wrote City Attorney Paul W. Mahoney the acceptance. He declared, also, that he had refused to accept the additional \$20,000 fire bonds owing to what he considered the faulty wording of the election notice drawn up by City Attorney Paul W. Mahoney. Attorney Masslich declared that the amount of the fire engine bonds was not stated on the election notice—that it simply stated "Not to exceed \$20,000." He declares that this has been held illegal by the supreme courts of Missouri and Pennsylvania, and that his company could not afford to accept questionable paper. He asserted also, that City Attorney Paul W. Mahoney declared, after he hurried to Chicago to see what was "up" with the bonds, that the Maryland supreme court had decided that such bonds, issued under the alleged irregularity, were illegal. Thus it leaves a question which way the Wisconsin supreme court would decide.

Mr. Masslich intimated that City Attorney Paul W. Mahoney had given him to understand that his firm was to secure the bonds without trouble and that the bonds had been, accordingly, printed and were ready for the signature of the La Crosse city officials. Just what action will now be taken is not known, but it is expected that an injunction will be issued against the city to prevent the bonds being sold to the Hayes firm as was determined upon Thursday night by the council. City Attorney Paul W. Mahoney, however, feels secure in his own judgment upon the matter and does not seem to fear the result of an expensive suit over his decision. As the Farson, Leach company is one of the biggest municipal bond buying houses in the country, doing more than a million dollars worth of business a week, it is likely that the suit will be an expensive one for the taxpayers of the city if the matter is brought into the courts, whether or not the city is the victor.

## WINEROOMS IN CITY ARE "DISCOVERED"

It has been "discovered" that wine rooms are running in La Crosse in flagrant violation of the law, and to the serious detriment of young girls of this city, even though they have been forced to run "on the quiet."

This was made public Saturday at the trial of Lillie Gilbertson, a young girl who although but 16 years of age, was arraigned before Judge Brindley and convicted of being incorrigible and of ill repute and sentenced to the industrial school. The case was later appealed by her attorney, James Thompson, and bail was fixed at \$300 which was furnished.

The trial of her companion who was arrested with her, Zelma Graffer, is being held today.

## Game Wardens are Powerless

According to the game warden identification card law, which recently passed the legislature, every game warden in the state is without authority until Governor La Follette returns to sign the bill and the identifications can be issued to the wardens.

Chief Warden Overbeck is the only official in the state who now can make seizures of game illegally caught.

# PRESIDENT ADVANCES ANOTHER STEP TOWARD PEACE

## PROPOSES TIME WHEN ENVOYS SHALL MEET AT WASHINGTON

### One of the Jap Negotiators is Named Yesterday

St. Petersburg, June 26.—Negotiations for the peace conference have taken an important step forward, a proposition for the date of the meeting of the plenipotentiaries at Washington having been submitted to Russia, and being now under consideration. The exact date proposed has not been ascertained, but there is reason to suppose that it is some time during the first week or ten days of August, which is about the earliest period at which the Japanese representatives could be expected to reach Washington, allowing reasonable time for the acceptance of the proposal and the interchange of the nominations of plenipotentiaries.

**Not Used to Our Rustling Methods.**

The emperor's answer is not expected for a day or two, as the diplomatic mills of Russia grind slowly, and the foreign office, as one of the secretaries put it, "is not used to your rustling American methods," but it is thought that the date will be satisfactory, as it will give ample time for M. Nelidoff, the Russian ambassador at Paris, or other Russian negotiators, to reach Washington, and as there will be little preliminary work for them to do until the Japanese terms are submitted.

**Originated Probably at Washington.**

Whether the proposal regarding the date originated at Tokio or at Washington cannot be learned, but the fact

that the negotiations were conducted through Ambassador Meyer may indicate that President Roosevelt has perhaps again stepped to the fore and suggested to the two powers, neither of whom would be willing to take the initiative, a suitable date.

#### Armistice Is Not Probable.

M. Neratoff, under-minister of foreign affairs, and the spokesman of the foreign office, in an interview in The Gazette declares an armistice pending the meeting of the plenipotentiaries improbable, and he comments on the possibility of a battle taking place before a conference is held.

#### QUIETING DOWN AT LODZ

Desperate Fighting Took Place in the Streets During the Rioting Friday.

Lodz, Russian Poland, June 26.—The most serious phase of the fighting between the military and strikers is at an end, but there are still isolated attacks in the suburbs. At Baluty Cossacks attacked a Jewish family of five persons who were driving in a cab to the railway station, and shot and killed all, including the cabman. At Pabjanice, near Lodz, workmen attacked two policemen and shot and killed one and wounded the other. There is a general exodus from Lodz. Twelve thousand persons have already left and all train are crowded.

During the disturbances last week thirty-five government liquor stores were destroyed by the mobs, which appropriated all the cash and stamps found on the premises. The cash and stamps were added to the funds of the Socialist party. The workmen in all the factories struck today. Some prominent citizens telegraphed General Shustov, commanding the troops here, asking for protection against the brutality of the soldiers, especially the Cossacks, who in one instance killed and robbed the servant of a millionaire named Rosenblatt, who was carrying \$5,000 to the bank. The general promised to punish the offenders, but said he required witnesses to testify against the Cossacks.

St. Petersburg, June 26.—Nothing approaching the disorders at Lodz which passed far beyond the scale of recent demonstrations and approximated the dignity of actual insurrection, recalling the days of the "Commune" in Paris—has been recorded in Russia since the street fighting at Warsaw during the Polish revolutions of 1830 and 1863. The events of Jan. 22 in St. Petersburg, "Red Sunday," were merely the dispersal of unarmed crowds by soldiers; but at Lodz the troops were desperately opposed by an army of 60,000 workmen, many armed with revolvers, defending substantial barricades with bullets and showers of paving stones and other missiles and even bombs.

The demolition of the barricades at Lodz required sapper work under the fire of revolvers and showers of missiles from windows of houses, by which the troops suffered heavily. A dispatch received by way of Warsaw estimates the number of slain indefinitely at "several hundred workmen," and sixty soldiers; but no definite statement has yet been received. Another dispatch direct from Lodz giving forty dead is admittedly incomplete.

An outbreak similar in nature to that at Lodz is threatened at Warsaw, where the industrial population is much larger, discontent and bitterness equally widespread, and the feeling inflamed by the events at Lodz. The revolutionists had accumulated a considerable stock of bombs at Warsaw and expected to employ them at every opportunity against the Cossacks and infantry. The Socialists have issued a proclamation declaring that "all Warsaw must stop work tomorrow" (today).

#### One of the Jap Plenipotentiaries.

London, June 26.—The correspondent of The Morning Post at Shanghai says: "Mr. Odigari, the Japanese consul here, has been recalled. He leaves Tuesday in order to proceed to Washington as one of the peace plenipotentiaries."

## ANGER FROM LIGHTNING SLIGHT IN USE OF TELEPHONES

The numerous thunder storms experienced in La Crosse the last few weeks have made some persons nervous about using the telephone, which makes timely a discussion of the use of the telephone during a thunder storm, which subject is discussed in the Electrical Review. While insisting that the danger is no greater than one must encounter in many other necessary duties and occupations of life, and in some of its pleasures, it admits that it exists and that the ingenuity of the electrician has not yet been able to overcome it.

Judging from experience, the number of serious accidents to telephones and their users from vagrant electric currents, which represent a high development of misapplied energy, is small. Probably the instances in which great inconvenience has resulted from less than fatal and not seriously injurious shocks are much more

numerous, although very few of them are of record.

A great many people are so constituted that the phenomena of a thunder shower are extremely terrifying to them, and high nervous strain results from the bombardment from the skies even though no direct shock is experienced. People so constituted will do well to leave the telephone alone while the lightning is flashing and the thunder rolling about them. Such storms are commonly of brief duration.

Those affected by them are not usually in a condition to attend to business in any very useful way. The time they will lose is not important, since the telephone does not always work well during periods of high electrical tension in the atmosphere, and the persons called are quite as likely to be afraid of the instrument as the persons calling.

## ONLY THREE BABY ELEPHANTS IN CAPTIVITY

A careful search among all existing records discloses the surprising fact that but three elephants were ever born in captivity, and a still more surprising truth remains, that the entire three first saw the light of day under the canvas pavilion of the Barnum & Bailey Greatest Show on Earth. The first event of this kind known in history occurred in Philadelphia in the year 1879, the baby pachyderm being named "Columbia," and it subse-

quently the shows had become united in the winter quarters in Bridgeport, Conn., in the year 1881, and was the subject of much scientific interest, as the occasion became a memorable one, owing to the presence of most of the distinguished savants of the country. The consolidation of the show owned at that time by Mr. J. A. Bailey and the one owned by the late Hon. P. T. Barnum. The second took place af-

## LA CROSSE DIST. E. L. CONVENTION

The annual convention of the La Crosse district of the Epworth league opened at Tomah Friday with 80 delegates. George S. Grubb presided. After opening exercises, conducted by Dr. W. Mayes Martin, presiding elder, several papers were read. Prof. C. O. Merica of Appleton gave a lecture on "Right Living."

Several La Crosse delegates are attending the convention.

who were there several days in advance of the event for the purpose of making scientific data. The second little newcomer was named "Bridgeport" in honor of the city of its birth. It is alive and well today and one of the three herds of performing elephants now with the show. The third baby elephant made its entrance into this world of pleasure while the show was on its recent tour of the continent of Europe, and is, so far as can be learned, the only one ever born in captivity in the Eastern Hemisphere. And that completes the total of all ever born while the mothers were in bondage. It makes no difference what claims may be made or have been made, the fact still remains that the only authenticated birth of elephants while the mothers were captive are those born with the Barnum & Bailey shows. It has been frequently stated that a mong the English government elephants in India an elephant was born, but there are no records to prove it and so the story cannot be credited. The birth of one of these creatures while its parents are in a state of captivity is, as stated, a very rare event and attended with much interest. It was ascertained at the birth of the first elephant in Philadelphia that the little one suckled with its mouth and not with its trunk as was generally imagined, and this important fact was fully determined by the birth of the second in Bridgeport, as well as the period of gestation, which is now well known to be twenty months. Visitors to the Barnum & Bailey shows, when it comes here on July 5th can now see a real baby elephant with its mother, and may see with what tender and affectionate care the bigger beast watches every movement of her little one, gently pulling it back toward her with her trunk when the little fellow is inclined to wander too far away from her. To the children the baby is a never-ceasing source of intense delight, for it is really a most entertaining, cunning little pet. There is another curious little beast just as interesting as the baby elephant in the same tent, and that is the smallest horse in the world. Its name is "Speck," and it is not larger than a fair-sized dog and weighs only about 110 pounds. Every child seeing it wants to take it home.

## QUITS POLITICS TO RIDE ON PASSES

JANESVILLE, Wis., June 26.—With the going into effect of the anti-pass law T. S. Nolan of this city, for eight years chairman of the fire and police commissions and republican county chairman, tendered his resignations from both offices. He is unable to hold the positions under the new law and continue to act as attorney for the Chicago, Milwaukee & St. Paul railroad. If the measure is interpreted to include in its restrictions newspaper men who receive mileage for publishing time tables, P. J. Mout, democratic county chairman, editor of the Daily Recorder, and member of the democratic state central committee may also be compelled to relinquish the first named position.

## OPENING OF SUMMER SESSION AT U. W.

MADISON, Wis., June 26.—Before the last echoes of commencement have died away, or the last senior has reluctantly packed up and departed, has begun the influx of students who are to attend the summer session which opens on Monday, June 26. Although a number of students arrived today, the greater number will come on Monday, registration day; in order to be ready for the regular work of summer session which begins on Tuesday morning. The program just issued for the first week of the session is an attractive one, including as it does a number of public lectures on various subjects of interest.

## Storm Strikes Sheboygan School

SHEBOYGAN, Wis., June 26.—A terrific storm of wind, rain, and hail struck this city at noon yesterday and did considerable damage to crops and property. The First ward school was struck by lightning and a big crowd of Milwaukee excursionists was drenched and frightened. The storm also caused several bad washouts.

## To Proceed Against Co-Operative Ins. Company

MADISON, June 26.—Attorney General Sturdevant has applied to the supreme court for leave to commence action against the Co-operative Home Assurance company of Milwaukee to dissolve the corporation and vacate its charter because it has not complied with the law requiring such a corporation to deposit \$100,000 with the state treasurer to be held in trust for its contract holders.

## FEW CHANGES HAVE BEEN MADE IN MARKETS

The local markets have had very few changes in the past week with the exception that the home grown strawberries are very plentiful at present and the price low. Some of the berries are very good while others are not. The outlook of the present crop is that it will provide the market with berries for some time and with a good supply.

They are so plentiful at present that they are being peddled through the residence districts of the city. From early in the morning until late in the forenoon, the word "Strawberries" can be heard almost continually. Many are buying them for canning purposes at present and they also form one of the daily dishes at the majority of the tables of the city. It would not be safe to give a stated price on them as it ranges from seven cents a box at a quarter up to eight cents a box. As soon as the local berries made their appearance on the markets the price dropped and none are now being shipped in from the south.

Home grown peas are very plentiful at present and are retailing for twenty cents a peck. String beans and tomatoes are shipped in and are the same as last week. Peaches are selling for twenty-five cents a dozen while apricots and plums are worth forty cents a basket. Home grown beets made their appearance on the market today and are very fine. They retail for five cents a bunch.

There has been no change in asparagus, onions, radishes and spinach. The southern ripened onions are selling for forty cents a peck. The price of potatoes has dropped and is now

## MANIAC SHOTS CHIEF OF POLICE

ANTIGO, Wis., June 26.—Chief of Police Jack McArthur was shot and killed at about 6 o'clock Saturday evening by James Weitenzer an escaped lunatic from the asylum at Oshkosh. Weitenzer was not captured.

He slipped away from the asylum about a week ago and upon hearing of his presence in the neighborhood of this city McArthur and Deputy Sheriff Michelson went out to capture him.

When about six miles from the city two shots fired from ambush laid the police officer in the road dead from wounds in the head and breast caused by two charges of gunshot. As Michelson was some distance behind he was unable to capture the lunatic who made his escape across the fields.

McArthur was about 40 years old. He leaves a wife and three children. He had been chief of police here for ten years and was an efficient officer.

## Brick Plant is Almost Ruined

MENOMINEE, Mich., June 26.—It has just come to light that a dastardly attempt to ruin the new brickmaking plant of the Menominee Brick company was made Tuesday night when the nightwatchman was busily employed in a distant part of the plant. A valve of the big tank which supplies the plant with water and also keeps the boiler filled, was opened by some miscreant and the water was run out before it was discovered. When discovered there was but little water in the boilers and the fire department was called to the scene as soon as possible and the tank filled with the aid of a fire hose. Nothing is known as to what reason a person would have to wish to ruin the big plant and a close watch is being kept to prevent a recurrence of the act.

## Woman and Children are Drowned

RHINELANDER, Wis., June 24.—Five of a fishing party of women and children drowned in the Wisconsin river, near Newbold. The victims are Mrs. Ezra Craft, two Craft children, Eva Craft, aged 14 years, daughter of George Craft, and a child of Lanson Miller.

The party of eleven including Mrs. George and Ezra Craft, their children and two children of Lanson Miller embarked in a rowboat at the point known as Squaw burying grounds, and were bound for Black's lake to fish. The current was swift and the boat began to swerve.

Mrs. Ezra Craft became alarmed and threw her baby into the river, jumping in after it.

The act capsized the craft and women and children were swept down the

## ELKS DOPE AL- MOST FATAL

Six escaped drowning, including Mrs. George Craft. The bodies of Mrs. Ezra Craft and one of her children were recovered three miles down the river, but the others have not been located, although the river has been dragged for miles. The Craft and Miller families lived on homesteads, the men being employed in adjacent mills. George and Ezra are brothers.
